

Genelle Improvement District Fall 2022 Newsletter

IMPORTANT NOTICE: WATER SYSTEM FLUSHING

System flushing of Genelle's water lines & fire hydrants will be taking place between
Monday October 17th to Monday October 31st

Reservoir & watermain flushing is required to remove sediments and to maintain water quality, so that we can continue to supply safe water to the Genelle community. There should be no interruption of water supply. During this period, there may be a taste and/or smell of chlorine in the water.

Winter 2022-2023 Fire Hydrant Access

A friendly request
to those with fire hydrants
located on your property

Please do not pile snow on or in front of the fire hydrant so that it remains more accessible in the event of an emergency. Any effort given in clearing the snow away from the hydrant is greatly appreciated! Thank you!

Garbage Pick-Up Information

As per our contract with Waste Management Garbage is to be set out at the curb **by 7 am**. Garbage pick-up in Genelle is **MONDAYS** and is NOT usually affected by holidays.

Please follow these pick-up requirements:

**2 plastic garbage bags
OR**

**ONE metal or plastic container
not exceeding 240 Litres and 50 lbs**

Garbage left out that exceeds these limits will not be collected. Additional service can be requested by phoning GID by the Wednesday prior to pick-up. Fees may apply.

Upper Genelle Survey!

Visit our home page under Recent News
Or scan this QR code →
Survey closes: Oct. 31, 2022

**We want your feedback about
your water service!**

Be Bear Aware!

Please keep your garbage secure until the morning of pick-up! For other bear tips visit: wildsafebc.com
